- 1.  Check box if the school has been approved to provide 200 days of instruction by ADE.

A.R.S. §15-902.04 allows schools that provide 200 days of instruction to increase the base level amount by 5%. In order to be eligible for this increase in funding, the school must be approved for 200 days of instruction by ADE and its sponsor. Average Teacher Salary

In accordance with A.R.S. §15-189.05, a school's budget shall include the prominent display of the average salary of all teachers employed by the school for the budget and prior years, and the increase in the average salary of all teachers employed by the school for the budget year reported in dollars and percentage. Schools must also prominently post this information on their website home page separately from its budget. The statute does not provide a definition of a teacher. Each charter should be consistent in the type of salary information included in this table from year to year. An optional comment box is available to provide any additional detail regarding the average teacher salary calculation. Schools should revise the average teacher salary information anytime a revised budget is submitted to ADE.

2	Federal and State Projects	Separate accountability is required for each federal and state project. Therefore, charter schools should estimate the expenses for each federal or state project in which the school participates. The totals on line 32 should agree with the total columns for federal and state projects on line 37 of page 1. A.R.S §15-1261 requires charter schools to establish an E-rate Project to account for any E-rate funding received by the school. At least 50% of the bonus monies received from this program must be distributed to the classroom teacher for each student who passes a qualifying exam and to other teachers of relevant subjects who instructed that student, including but not limited to teachers in the same department or subject matter that contributed to the student passing the exam, as identified by the governing body or the school principal. The remainder of any bonus monies received from this program must be allocated by the school principal on behalf of students who receive a passing score and may be used for teacher professional development or student instructional support, reimbursement of exam fees or instructional materials.
2	Results-based Funding	Schools that receive monies from the Results-based Funding Project per A.R.S §15-249.08, as amended by Laws 2019, Ch. 265, §5, should deposit them in Project 1457—Results-based Funding. The majority of the monies received must be used at the school that earned the results for teacher salaries, to hire teachers, for school leader salaries, for classroom supplies and for other strategies to sustain outcomes for students at that school. A portion of the monies received may be used for expanding and replicating that school site as a quality school model.
2	Capital Acquisitions	Enter the increase in the capital asset accounts (land and land improvements, site improvements, buildings and building improvements, equipment, and construction in progress) for assets to be acquired by purchase, lease purchase, or construction.  If the school budgets for capital acquisitions related to the K-3 Reading Program, the increase in the capital asset accounts for those acquisitions should be included by asset type on lines 1 through 5.
